

MAINE TURNPIKE AUTHORITY
ADDENDUM NO. 1
Request for Qualifications
Consultant Contract 2024.102
Engineering Design Services

The following changes are made to the Request for Qualifications:

QUESTIONS:

1. Is our response to this RFQ expected to cover all listed service areas? (bridge, highway, buildings, and toll rehabilitation and reconstruction projects)

Answer: No, response should be focused on areas your firm is interested/qualified. The Authority will be giving a preference to firms who can do most if not all areas.

2. The General Information section states that “Because the anticipated work is largely bridge related, the short list of candidates were those that are currently under a Consultant Agreement for Bridge Design (203.00) and are prequalified to perform Reconstruction/Rehabilitation Highway Design (202.10) for the MaineDOT.” Will Turnpike consider consultants who are prequalified for Bridge Design, or is this posted solicitation only intended for specific consultants? Will you provide a list of those consultants?

Answer: The Authority will consider Consultants who are prequalified for Bridge Design. The following Consultants have been solicited:

- CHA Consulting, Inc.
- Hardesty & Hanover, LLC
- HNTB Corporation
- Hoyle, Tanner & Associates, Inc.
- McFarland Johnson, Inc.
- Stantec Consulting Services, Inc.
- T.Y. Lin International
- Thorton Thomasetti, Inc.
- Vanasse Hangen Brustlin, Inc. (VHB)
- WSP USA, Inc.

3. Page 1 of the RFP calls for 12-point font. Is smaller font allowed within proposal tables and graphics and for elements such as labels?

Answer: Yes.

4. Page 3 of the RFQ states “The Consultant shall include resumes for each employee that is proposed to be utilized in the appendix.” Rather than including resumes for all staff shown on the org chart, can we show resumes for key personnel?

Answer: Yes.
