

2021 CONSTRUCTION PROJECT

Bennett Road Bridge, New Gloucester

Project Highlights

- \$537,000 project - part of \$1.3 million contract
- Awarded to CPM Constructors from Freeport, ME
- Replacement of bridge wearing surface
- Reconstruction of backwall and end of deck
- Bridge to be closed for up to 56 consecutive days
- Closure tentatively scheduled to begin on June 21, 2021
- Detour route will be signed during closure

This project includes repairs to the Bennett Road Bridge that crosses over the Maine Turnpike at Mile 68.6 in the Town of New Gloucester.

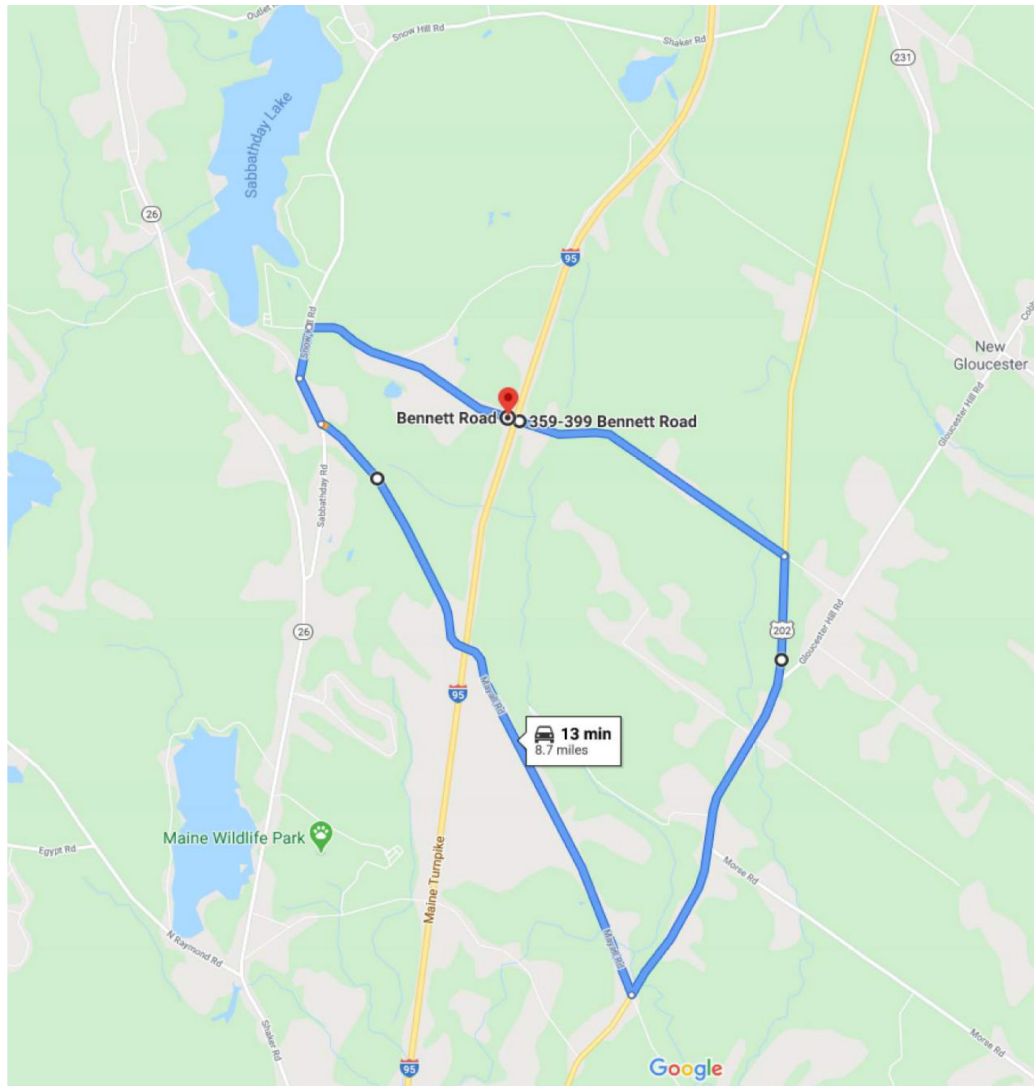

The repairs include replacement of the bridge pavement and membrane, reconstruction of the backwall and end of deck, repairs to the concrete deck and approach work.

During the repairs, the Bennett Road Bridge will be closed to traffic for up to 56 days. The closure is tentatively scheduled to begin on Monday, June 21, 2021. During the closure a detour route will be signed.

Bennett Road Detour Route

Approximately 527 vehicles travel over the mainline of the Maine Turnpike on Bennett Road daily. Traffic will be routed around the construction site via a detour using Snow Hill Road, Sabbathday Road, Mayall Road and US Route 202/ME Route 4. The detour as signed is approximately 8.7 miles long from one side of the bridge to the other.
