QUESTIONS:

1. The Toll Services Scope of Work states “The Consultant and its Sub-consultant(s) shall each purchase and maintain a Professional Liability insurance policy for negligent acts, errors and omissions that provides minimum liability coverage of \$2,000,000 per claim and annual aggregate.” Are Sub-Consultants who provide support services required to maintain a Professional Liability insurance policy for negligent acts, errors and omissions that provides minimum liability coverage of \$2,000,000 per claim and annual aggregate?

**Answer:** The only Consultants required to purchase and maintain a Professional Liability insurance policy for negligent acts, errors and omissions that provides minimum liability coverage of \$2,000,000 per claim and annual aggregate are those Consultants or Sub-Consultants performing services related to revenue, such as performing revenue studies, or providing revenue certificates. All other Consultants and Sub-Consultants shall each purchase and maintain a Professional Liability insurance policy for negligent acts, errors and omissions that provides minimum liability coverage of \$1,000,000 per claim and annual aggregate.”
