

REQUEST FOR QUALIFICATIONS
MAINE TURNPIKE AUTHORITY
NOTICE TO CONSULTANTS

Statements of Qualifications will be received by the Maine Turnpike Authority for:
CONSULTANT CONTRACT 2015.101

BRIDGE AND HIGHWAY DESIGN SERVICES

at the office of the Maine Turnpike Authority, 2360 Congress Street, Portland, ME, 04102, until 4:00 p.m., prevailing time as determined by the Authority on February 25, 2015. Statements will be accepted from selected Consultants that the Authority has determined are the most likely to be qualified and capable to perform the work. All other Statements may be rejected. In order to be considered responsive, six (6) printed copies and one electronic copy in PDF of the complete Statements must be submitted. The Statement of Qualifications shall be limited to ten (10) pages. An additional Appendix can supplement the Statement and shall be limited to an additional ten (10) pages. One sheet of paper consists of one page single-sided size 12 point font or two pages double-sided size 12 point font. Therefore, the complete submission shall not exceed 20 sheets of paper, single-sided or 10 sheets of paper, double-sided. All sheets of paper shall be 8 ½" x 11". Page count does not include covers, the transmittal letter or dividers. All Statements shall utilize recycled paper and print on both sides, if feasible. The Appendix may include relevant project descriptions and resumes of key personnel proposed to perform the work. Statements need to be clearly marked "Request for Qualifications for BRIDGE AND HIGHWAY DESIGN SERVICES."

The Authority is soliciting Statements of Qualifications for bridge and highway design services for various bridge and highway rehabilitation and reconstruction projects along the Maine Turnpike. The type of projects include bridge replacements or bridge rehabilitations with minor approach work; roadway rehabilitation or resurfacing projects; capital improvement projects (bridges or roadway); minor location studies, drainage modifications, or any other engineering-related activity as determined by the Authority.

Successful firms may be required to: create preliminary design reports; perform field surveys; plot topography and cross sections; prepare submissions for utility verification and relocation engineering; develop right-of-way plans; prepare hydraulic report for waterways approvals; perform geotechnical investigations and prepare geotechnical reports; prepare type, size and location reports; prepare structure drawings, including culverts, bridges and sign supports for repair, rehabilitation or replacement; prepare erosion control details and narrative; prepare applications for environmental and other federal, state and municipal permits; perform traffic counts and analyses, including detour planning and mapping; prepare traffic control plans and narrative; investigate utility and property involvements and coordinate with utilities; prepare submissions for meetings; attend meetings with the Authority, municipalities or other agencies; and prepare construction plans, specifications and estimates.

Possible project assignments may include, but are not limited to:

- Bridge repair and rehabilitation projects at various locations
- Mainline and interchange paving at various locations
- New interchange or corridor studies
- Other ancillary highway design or studies, including traffic control devices, lighting, drainage, culvert repairs, clearzone and guardrail improvement projects.
- Interchange or intersection improvement projects

At least two (2) Consultants will be selected and contracts will be awarded with terms of a maximum of five (5) years. The Authority anticipates selecting Consultants and seeking Authority Board approval to award contracts at the March 26, 2015 Authority Board meeting. Specific projects will be assigned to the successful candidates after the contracts have been executed.

For general information regarding Bidding and Contracting procedures, contact Nate Carll, Purchasing Manager, at (207) 871-7771 Ext. 115. For Project specific information, fax or email all questions to Nate Carll, Purchasing Manager, at (207) 871-7739 or ncarll@maineturnpike.com. Responses will not be prepared for questions received by telephone. All questions need to be provided by February 13, 2015 at 4 o'clock PM in order for the Authority to respond to Consultants prior to acceptance time. Consultants shall not contact any other Authority staff or Consultants for clarification of Contract provisions, and the Authority will not be responsible for any interpretations so obtained.

I. GENERAL INFORMATION

The Authority has solicited 12 Consultants that the Authority has determined are the most likely to be qualified and capable to perform the work. In making the determination, the Authority utilized the list of prequalified Consultants from Maine Department of Transportation (MaineDOT) to develop a pool of potential candidates. Because the anticipated work is largely bridge related, the short list of candidates were those that are currently under a Consultant Agreement for Bridge Design **and** are prequalified to perform Reconstruction/Rehabilitation Highway Design for the MaineDOT. In addition, firms who submitted Statements of Qualifications for General Engineering Consultant Services Contract 2014.103 have been included in this solicitation.

Interested firms should respond to this request by submitting a Statement on or before the time due for submission. Following the receipt of the Statements, a review committee shall evaluate the Statements and may select firms to interview. In selecting Consulting firms, emphasis shall be placed on the firm's qualifications and experience with projects similar to those which the Authority anticipates undertaking. In particular, the Authority will consider the following factors during the evaluation of the firms submitting Statements for this project:

- a. Specialized experience and technical competence of the firm.
- b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on similar projects.
- c. The specific experience of the individuals who constitute the firm.
- d. Location of the local or regional office.
- e. Other factors, if any, specific to the needs of a particular project.

The Authority will select the best Consultants for the projects and send a contract agreement to those Consultants for approval. During the evaluation of the Statements, if necessary, the Authority may wish to request supplemental information from some or all of the Consultants. Once a pre-execution review has been conducted and all is in order, and a contract is signed, the Authority will forward a Task/Project Order authorizing work to proceed for that project. The pre-execution review may

include review of insurance certificate and verification of overhead rates. The Authority will negotiate with another firm if an agreement cannot be reached.

II. GUIDELINES FOR PROSPECTIVE CONSULTANTS

Prospective consultants must meet the following standards as they relate to this request:

- a. Have the necessary experience, organization, technical and professional qualification, skills and facilities;
- b. Be able to comply with the proposed or required time of completion or performance schedule;
- c. Have a demonstrated satisfactory record of performance.
- d. All Statements shall be in accordance to the Authority's most recent version of the Engineering Consultant General Conditions, which can be found at the following link:
http://www.maineturnpike.com/getattachment/Business-With-MTA/Engineering-Consultants/Maine-Turnpike_2014_v6_General-Conditions-120114.pdf.aspx

III. STATEMENT OF QUALIFICATION PREPARATION

The Statement shall be typewritten, with pages numbered and shall include sufficient documentation to allow a total and accurate evaluation of the Consultant and the work to be performed. To facilitate the evaluation, the Consultant is requested to organize its Statement of Qualification to coincide with the sequence of Items 1 through 6 below. Those statements that do not follow the outline, or do not contain the required information may be considered unresponsive.

If the Consultant proposes to subcontract a portion of the proposed work, the Statement shall identify the name of the Subconsultant(s) and the services that are to be provided by the Subconsultant(s).

1. Statement of Interest
2. Company Qualifications and Experience
 - a. The Consultant shall describe its range and depth of experience relevant to this solicitation and the extent to which such services are one of the Consultant's principal areas of activity. This section shall also discuss the Consultant's available resources for carrying out the work including labor, equipment, facilities, and so forth.
 - b. The Authority may consider employing the Envision™ sustainable infrastructure rating system on a future design project. As a result, the Consultant should note any key staff that is a certified ENV Sustainability Professional. Any projects that the Consultant has worked on that are Envision certified or seeking such certification should be included in the Appendix.

3. Project Management

The Consultant shall identify the key staff that will comprise the project team and the Consultant Project Manager who will be assigned to administer the contract with the Authority. The specific function and responsibilities of proposed Subconsultants, if

introduced, shall be shown. Organization charts shall be provided showing the corporate structure and the project team and shall show the overall structure of the Consultant's organization (including office location team members are assigned to). The Consultant shall include resumes for each employee that is proposed to be utilized in the Appendix. Any deviation from Subconsultants listed in the Statement of Qualifications will require written approval from the Authority.

4. Cost

The Statement shall include a table showing the proposed employees of the project team, and their respective position and direct, unburdened hourly rates. This information will be used to confirm the employee's salary fits the proposed position level. Salary rates must commensurate with qualifications and experience of employee. The Consultant shall also state their current overhead rate in the Statement. All of this cost information will be used to determine if the proposed Consultant's total cost will be within the Authority's acceptable budget for this Scope of Work.

5. Misconduct

During the period of the last five years, list all citations or notices of violation issued to your organization's local office and employees being proposed; labor law violation, environmental law or regulation violations, or citations issued for safety law violations or results of adjudatory procedures/hearings against licensed individuals being proposed. Indicate any proposed or pending litigations or unresolved claims, including State Licensure Board, or other formal claim using arbitration/mediation regarding employee's performance.

6. Appendices

Appendices shall be used to compile resumes and project profiles and shall be limited to no more than ten pages. One sheet of paper consists of one page single-sided or two pages double-sided.

IV. CONTRACT AWARD

Any contract entered into by the AUTHORITY shall be in response to the Statement of Qualification and subsequent discussions. The contract award shall be based on the criteria described herein. Once the contract has been agreed to and executed, the Authority will assign design projects to a Consultant with a Task/Project Order Letter that will authorize work to proceed. The Authority may request proposals from one or more Consultants with whom the Authority has contracts with for these design services prior to issuing a Task/Project Order Letter.

AUTHORITY reserves the unqualified right to reject any or all Statements of Qualifications and to accept the Statements of Qualifications which in its sole judgment will under all circumstances serves its best interest. The Maine Turnpike Authority reserves the right to negotiate the final product and cost with the selected Consultants. If the Authority is unable to enter into an agreement with any selected Consultant, the Authority reserves the right to terminate negotiations and initiate negotiations with another Consultant. No compensation will be paid for the failed negotiations.
