

# 2019 CONSTRUCTION PROJECT

## Mountain Road Bridge, York

### Project Highlights

- \$370,000 project part of \$1.5 million contract
- Awarded to CPM Constructors of Freeport, ME
- Replacing the deck pavement and membrane
- Repairs to bridge substructure and superstructure
- Bridge will remain open during construction using alternating one-way traffic starting June 5th
- Bridge will be down to one lane for up to 60 days

This project consists of repairs to the Mountain Road Bridge that crosses over the Turnpike at Mile 10.6 in the Town of York.

The repairs to the bridge include replacement of the deck pavement and membrane, deck end modifications, deck expansion joint modification, bridge drain grate modification and miscellaneous superstructure and substructure repairs.

During the construction, the bridge will remain open using signalized alternating one-way traffic, beginning on June 5, 2019. The bridge will be down to one lane for up to 60 days.

Annual average daily traffic on the bridge is approximately 1,320.
